Pioneer Moving Co. moves pioneers

4-24-87

Jim Larkin of Larkin Mortuary oversees placement of coffins containing 32 of the Salt Lake Valley's first pioneers into concrete burial vaults in preparation for interment Tuesday at Pioneer Trails State Park. The bodies, unearthed last sum-

mer by Brigham Young University archaeologists from Block 49 in downtown Salt Lake City, were transported at no charge from BYU to the park — appropriately enough — by Pioneer Moving and Storage Co.

Temperatures

st for 6 a.m. Saturday

ST
